

APPENDIX - XVI

LIST OF MEDICINES (Admissible and Inadmissible)

ALLOPATHIC

LIST OF INADMISSIBLE FOODS, TONICS TOILETS AND MEDICINES*

IMPORTANT INSTRUCTIONS

1. List of inadmissible allopathic medicines — illustrative only.— It has been decided that the list of items of allopathic medicines specified in Schedule I and Schedule II of the Rules may be treated as illustrative only indicating ineligible medicines / preparations or expensive drugs. The AMA may take a decision whether a particular new medicine or preparation falls under any of the broad categories specified in Schedule I or Schedule II and shall so certify whereupon the cost of such medicines may be reimbursed. No references as to the admissibility of medicines will be entertained by the Ministry of Health.

[G.I., Min. of Health and Family Welfare, O.M. No. S.14025/67/84-MS, dated the 24th October, 1986.]

2. Items of Vitamin, Glucose and Baby Food admissible in specific cases.— Under Rule 2 (h) (iii) of the CS (MA) Rules, 1944, it has been provided that preparations such as primarily food, tonics, expensive drugs, laxatives, etc., specified in Schedules I and II are not reimbursable. There were several representations that vitamin, glucose, etc., which were included in the Schedules I and II of the inadmissible medical preparations, are a must for the treatment of certain diseases for saving the life of a patient and should be made admissible for reimbursement.

It has been decided to allow the following medical preparations for reimbursement under the CS (MA) Rules, 1944, in specific cases:—

- (a) Vitamins A and D drops for developing and growing children of 0-5 years.
- (b) Vitamin B Complex tablets whenever antibiotic is being administered orally.
- (c) Injection, Vitamin B-12, Tablet Folic Acid in case of macrocytic nutritional anaemics especially during pregnancy.
- (d) Injection, Vitamin B or Tablet B in case of polyneuritis periphrel.

* G.I., M.H., Notification No. S. 14011/4/74-MC, dated the 12th September, 1974, read with Corrigenda No. S. 14011/6/76-MC, dated the 21st February, 1977; Notification No. S. 14011/6/76-MC, dated the 21st February, 1977 and Notification No. S.14025/4/78-MS, dated the 9th August, 1978.

- (e) Dextrose / Glucose fluid / Injections when recommended by the treating Doctor and administered in hospital (i.e., to in-patients).
- (f) Soyab / Pro-soyab / Nusobee Baby Food preparations when recommended essential to new born children to prevent diarrhoea caused due to genetic intolerance and allergic to milk protein.

[G.I., Min. of Health and F.W., O.M. No. S. 14025/10/90-MS, dated the 11th March, 1991.]

3. Non-admissibility of preparation such as primary food, tonics, cosmetics and vaccines.— The question of admissibility or otherwise to beneficiaries under CGHS / CS (MA) Rules, 1944 of preparations which are primary food, vitamins, Haematinic minerals, anti-oxidants, cosmetics and vaccines, has been under consideration for sometime. On the recommendations of an Expert Committee and Drug Controller-General of India, it has been decided that:—

- (i) Product manufactured / marketed as food supplement, cosmetics and ayurvedic preparation prescribed by allopathic doctors will be inadmissible.
- (ii) Supply of vitamins, minerals and anti-oxidants will be restricted to prevalent CGHS formulary only.
- (iii) vaccines, in general, will be **inadmissible**, except Hepatitis B, influenza and Leprovac vaccines for high risk individual, is recommended by specialist with justification and countersigned by HoD of concerned speciality of Government Hospital.

These instructions take effect from the date of issue of the Office Memorandum.

[G.I., M.H., O.M. No. F. No. 39-3/2003-04/CGHS/MSD/RS, dated the 23rd July, 2009 read with G.I., M.H., Corrigendum No. 39-3/2003-04/CGHS/MSD/RS, dated the 3rd August, 2009.]

NOTE 1.— Cost of Dressing Materials like Bandages, Cotton Gauzes and such other items may be allowed for reimbursement when the patient receives treatment as an indoor patient and these are not supplied by the hospital free of cost.

NOTE 2.— The cost of ELASTOCREPE BANDAGE is admissible, provided the claim is otherwise covered under the rules (G.I., M.H. O.M. No. S. 20-1/82 MG, dated the 20th December, 1982).

Cost of disposable surgical sundries reimbursable.— It is clarified that the cost of disposable surgical sundries are reimbursable under Rule 6 (2) of the CS (MA) Rules, 1944, since they are essential part of treatment and certified as such by the AMA. It is further clarified that the term 'disposable surgical sundries' includes those surgical sundries as are used in surgical and other operations and which cannot be reused including items of common surgical materials like gauze, I.V. Set, bandage, leucoplast, cotton, crepe bandage, etc., which are stocked in and supplied from hospitals/ dispensaries.

[G.I., Min. of Health & F.W., O.M. No. S. 14025/18/89-MS, dated the 27th November, 1989.]
