Subject: Compliance of Advisory issued by Govt of India & IIT (BHU) Administration to curb the spread of Covid-2019.

Dear Sir,

The Department of Pharmaceutical Engineering & Technology along with SPIRIT 2020 team has decided to postpone the SPIRIT 2020 as scheduled to be commenced on March 21-22, 2020 owing to present threat of Corona Virus pandemonium as declared pandemic threat by WHO and Government of India. This is really disheartening for the entire SPIRIT 2020 team who have been involved for last six months day and night to make this programme a big success. However, this decision has been taken in national interest for preventing the spread of Corona virus in the country.

This decision has been taken after carefully reviewing the current situation, advisories issued by the Government of India and the IIT (BHU) administration where large gathering is supposed to be avoided to curb the risk of Corona Virus spread. The department will review the situation around April 30, 2020 and then announce the fresh dates for the event depending upon the situation then.

Thanking you

Yours sincerely,

(Prof. S.K. Shrivastava)
Head of the Department
